Use this template to summarize the program action plan based on findings of the program review, including timelines, resources, and outcomes. Include this description as an appendix to the self-study. Be sure to indicate which goals can be achieved without additional resources and which can be achieved *only* with additional resources. Be as detailed as appropriate, given your current program needs and resources. You will submit a progress report at the end of each year; changes in the plan may be renegotiated at that point.

Please list the major goals of the program over the next five years. List as many as are appropriate. Make sure each goal is numbered.	<ol style="list-style-type: none"><li>1.</li><li>2.</li><li>3.</li><li>4.</li></ol>

For EACH program goal, please complete the following charts; if you have more than 4 goals, please copy and paste the chart. The chart should explain what actions the program will need to complete by the end of the first, third, and fifth years following the year of the program review in order to meet the goal. For each action or actions, indicate who is responsible for assuring it occurs on time, what additional resources (if any) are required to complete each action, and what outcomes are expected as a result of each action.
